

We Carry With Care

At Brantley, we hire only the best people who are careful, personable, reliable and considerate; each team member is an employee. Our movers work well together and we are proud of our employees. We are confident that you will be pleased with the service Brantley Brothers Moving & Storage provides.

We Move Large, Delicate Items

You don't have to relocate to need Brantley Brothers. What if you need to move a baby-grand piano, a huge television or Grandma's treasured dining room buffet? Call us to move any heavy item in your home. Our experts will insure that we take care of both you and your furniture without injury.

We Are Accountable

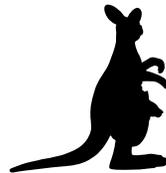

In the event that a piece of furniture requires minor repair, we will collect it from the owner, bring it to our facility for repair and return it to the owner.

Dependable & Trustworthy

We can't help it! MOVING IS IN OUR BLOOD.

Nearly fifty years ago, our father Malachia Brantley, launched the business with one client and a small van. Over the years, he gained a reputation as being reliable, fair and careful with each move he made. He learned the business from the ground up and expanded his business by building a team of employees who are dedicated to making our clients moves successful and as stress free as possible.

Our employees are organized and can move the heaviest item. They know how to be strong and gentle at the same time. "Careful" is our middle name.

Moving & Storage

Around the block,
Around the world

WE MANAGE YOUR STRESS

Get Moving Right

For nearly fifty years, Brantley Brothers Moving and Storage has helped families move their personal belongings from one home to another. Brantley gently packs and transports treasured items and moves them into the designated rooms in your new home.

We Communicate

Moving can be a stressful experience, especially if you have not moved in many years. We understand the importance of helping make this move as stress-free as possible. During the moving process, we provide each client with their own Brantley specialist who is dedicated to helping families with all of their moving needs.

We Listen

Personal attention is the foundation of a successful move and when you have questions, Brantley's specialists are always available to help. When you need updates, a status report or have concerns, your personal contact is there to answer your questions.

We're Focused

If you wish to remove clutter from your home and want to sell some of your furniture, we will move those items for you. In the event that your family needs to store furniture or personal items, we have appropriate storage facilities available for short or long-term periods.

We can deliver furniture and/or antique pieces to family members, whether they live around the corner or across the country. Brantley handles moves in all 48 contiguous states.

We Love What We Do

We gently pack and transport every item you wish to take with you. We are experts at handling treasured items with care and delivering them in perfect condition. Our team of professionals can disconnect electronic equipment such as computers, printers and televisions and safely pack them for transport.

The same moving professionals who pack your goods will be the same team who unpacks your items at your new home. This seamless service fosters a better relationship between you and the crew members.

The New Home

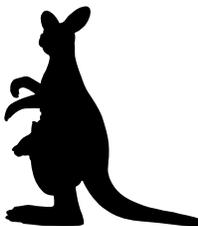

If you wish to work with an interior designer to help you prepare for the move and decide which items you should bring with you, we can arrange for the services of an interior designer to help you streamline your move.

The designer can create a layout and help your family decide on which furniture works best in each room of your new house.

We can help you unpack every box, position furniture where the new resident wishes and hang pictures and artwork. We can also reconnect all of your electronic devices.

“Bless you for making this move so easy for us. Randy and his team went above and beyond to make this as smooth as possible. I'd use Brantley Bros. again in a heart beat! I will certainly recommend you to those in need of your services. We are delighted to be in Newark.”

Warmly, Irene Cooper

Whether it's around the block, or around the world, **Brantley Brothers Moving & Storage** can take you there!
